

Miraj Instrumentation Services (I) Pvt. Ltd.
Thane, Maharashtra – India.

ISO 9001:2015 & ISO 45001:2018

COMPANY INFORMATION : OVERVIEW

We are one of the well known & Reputed contractors to offer Electrical & Instrumentation Installation Services across the Globe.

INDUSTRIES WE SERVED

- Oil and Gas
- Refinery
- Petrochemicals
- Power and Utilities
- Pharmaceuticals
- Chemicals and Fertilizers

SERVICES WE OFFER

- **Project Management**
- **Basic Engineering**
- **Supply of Project Materials**
- **Erection & Commissioning (E&C)**
- **System Integration with OEM's backup**
- **Installation, Loop Checking, Pre-commissioning and commissioning**
- **Deputation of skilled manpower.**
- **Shutdown & annual maintenance contract.**

COMPANY INFORMATION HISTORY

- **Incepted in 1995 in India, our company has emerged as reliable partner for our various satisfied customers in various industries.**
- **At present company is providing services in various states all over India & so for reputed clients like – IOCL, BHEL, RCF, HPCL, BPCL, L&T, Punj Lloyd etc.**
- **We also have Joint Venture by the name Miraj Arabia in Saudi Arabia & we are successfully providing our services in Oil & Gas & Refinery sectors all over GCC countries for clients like – Petrofac, ADCO, GASCO, L&T, NCC etc.**

VISION

Miraj Instrumentation Services (I) Pvt. Ltd. shall strive to attain leadership in the field of electrical and instrumentation services & achieve highest level of customer satisfaction. We shall exceed customer expectations through dedicated efforts, quality work, and commitment, transparent and fair operations.

ELECTRICAL SERVICES

- **Installation of power and lighting systems, switchyards, motor control centers, high tension & Low tension cable laying works.**
- **Installation of project infrastructure systems including cable tray work, junction boxes, ladders tray, conduit etc.**
- **Procurement of hardware material such as cable tray, earthing work, steel etc. and material for Electrical distribution work.**
- **Installation of switch yard, bus duct, transformers, MCC panels (MV/LV), Lighting Distribution Panels.**
- **Installation and commissioning of power generation equipment.**
- **Motor Testing.**

INSTRUMENTATION SERVICES

- **Installation of Transmitters, Switches & Gauges for Pressure, Temperature Flow and Level application, Control Valves, on / off valves, Breather valves, Safety Valves, panels, junction boxes, cable laying & termination, perforated cable tray work, pedestal fabrication.**
- **Installation of DCS and PLC systems, SCADA systems, hazardous area control systems, fire and gas systems and process installation, termination & commissioning of indicators, transmitters and controllers, valves & other field instruments.**
- **Installation including cabling, marshalling panels, instrument air/gas tubing and impulse piping work.**
- **Testing, calibration & loop checking through fully trained technicians with certified testing equipment.**
- **Specialist knowledge on industrial projects for material selection and procurement related to electrical & instrumentation hardware material.**
- **Ability to pre-fabricate instrument support & other fabrication work for control packages on or off site.**
- **Supply of Manpower like skilled Engineers, Technicians for shut down maintenance, installation and commissioning activities on deputation basis.**

SUPPLY OF PROJECT MATERIALS

- **Transmitters**
- **Switches & Gauges for Pressure**
- **Temperature Flow and Level application**
- **Control Valves, on/off valves**
- **Safety Valves**
- **Panels**
- **Electrical & Instrumentation Cables**
- **GI FRP cable tray canopies**
- **Junction boxes, Glands**
- **Structural Steel**

OUR STRENGTH

- **Technical Competency**
- **Operational Excellence**
- **Commitment towards Quality & Safety**
- **Stable Financial Background**

SAFETY AND COMPLIANCE

Our formal and practical safety program is actively managed by a skilled and committed staff of safety professionals and is best summarized as follows: communication, training, planning and monitoring. These points are reinforced in the following ways:

We follow detailed safety guidelines, which are continually updated to provide the highest level of loss control and are available to all employees.

- A safe work atmosphere is provided by preplanning and by minimizing and eliminating hazards. Where existing hazards cannot be eliminated, their harmful effects are reduced through environmental controls, training in safe work methods, and by providing and involving the use of personal protective equipment.**
- Each MISIPL team member is trained to develop and maintain the skills required to execute their work safely.**
- Communication between MISIPL team members and supervisors are vital part of our program and are used to expedite handling of suggestions for the minimizing and elimination of work hazards.**

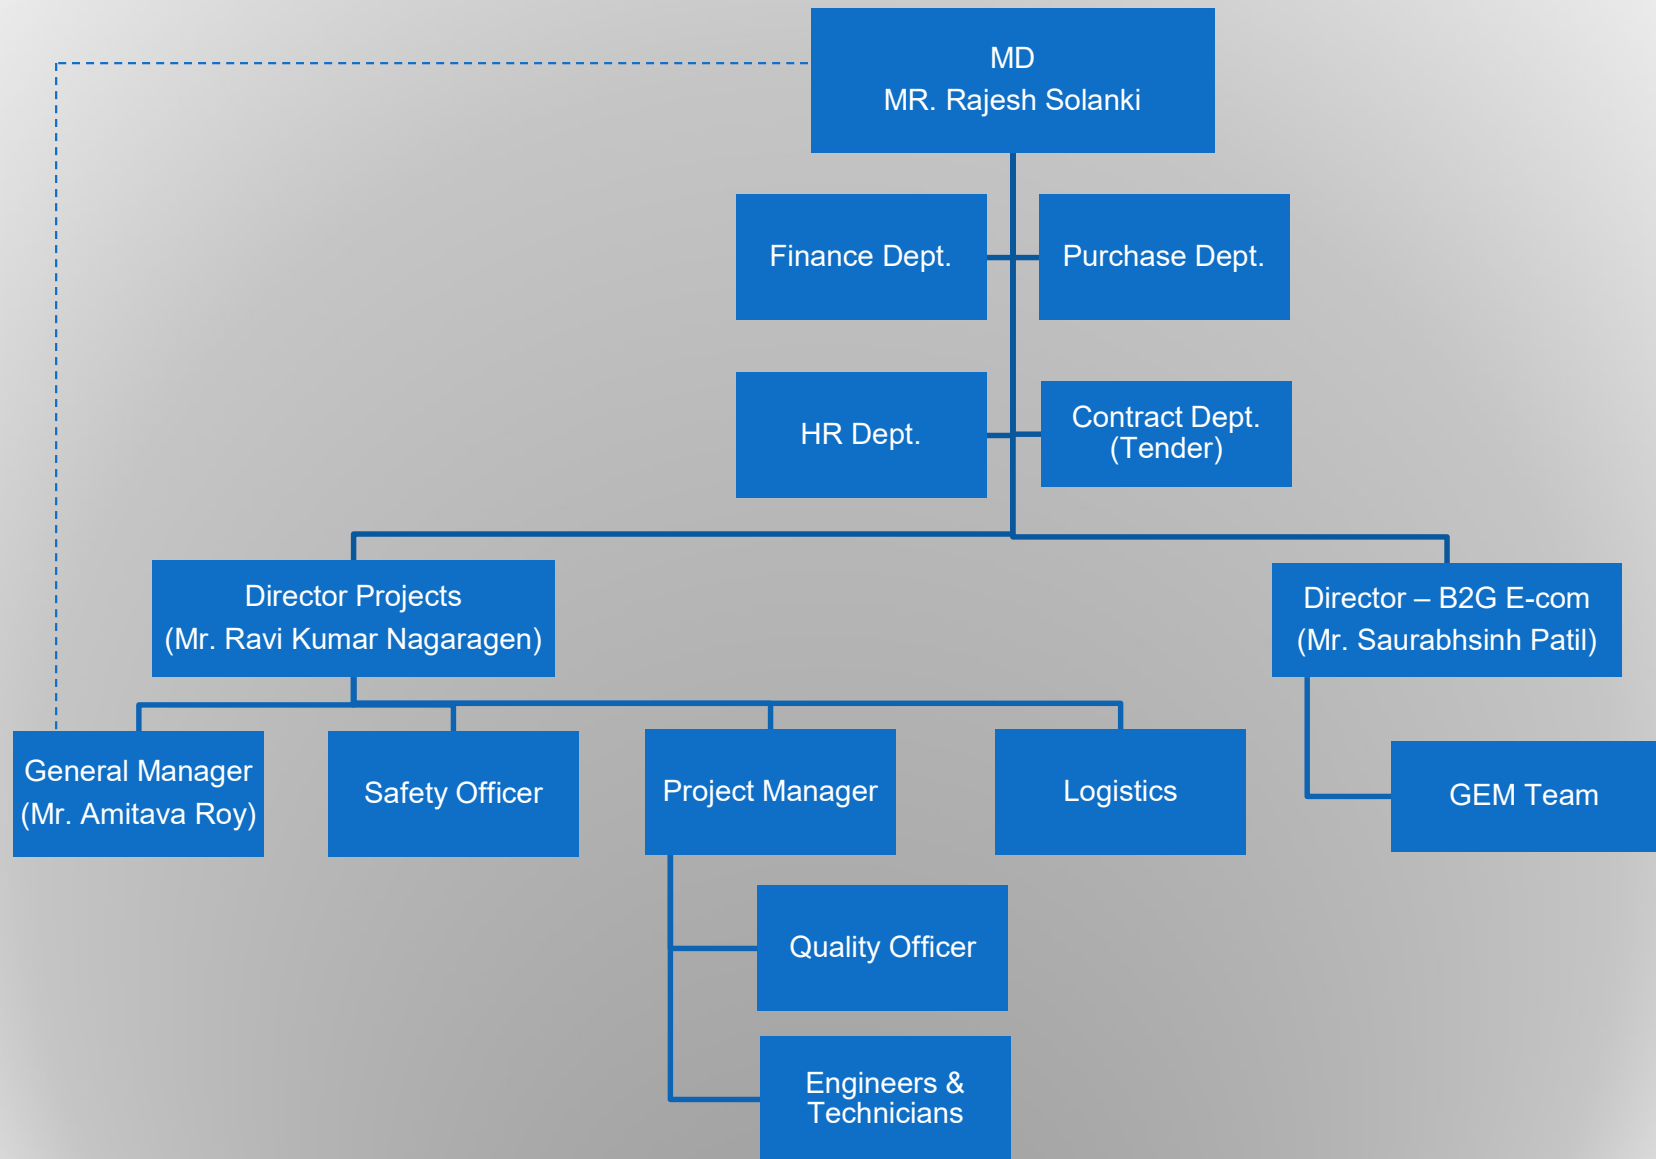

SAFETY AND COMPLIANCE

- **Regular motivation methods such as lunches, positive support and incentive awards are employed to encourage employee contribution in safe work methods and correcting onsite conditions.**
- **Planned and surprise inspections are conducted regularly to identify potentially unsafe conditions and to provide immediate correction.**
- **Our drug and alcohol abuse testing not only protects our employees from impaired individuals but encourages individuals to seek help if they should need professional counseling with regard to a substance abuse problem.**
- **Each employee is trained with our safety expectations as well as those requested to be observed by the owner. Orientation of the project rules and project layout is done prior to starting work.**
- **Before any employee takes to the field their supervisor meets with them in the jobsite office to explain how important their safety is to him and to the company.**
- **All new appoint are identified so that our experienced employees can mentor them while working on site.**

QUALITY POLICY

- **Miraj Instrumentation Services (I) Pvt. Ltd., strive to conduct its business in the field of Erection & Commissioning contractor for Electrical & Instrumentation projects, with a total commitment to our Customers and their needs.**
- **We define quality as compliance and meeting our Customer's needs, both internal as well as external and conformance to all quality requirements in a professional way.**
- **We are committed for consistently meeting the customer's expectations, applicable standards, legal requirements for work quality and performance within the specific time frame.**
- **We strongly believe in continual improvement of our processes and systems and train our personnel to serve our customers in a better way.**

TO WHOMSOEVER IT MAY CONCERN

This is to certify that M/s. Miraj Instrumentation Services (I) Pvt. Ltd. has carried out Installation & Commissioning of Electrical & C&I work for 2 x 157 MW Unit at Western Mountain Gas Turbine Extension Power Plant, Libya

They have carried out Installation of the below work:

- Isolated Phase Busduct – 15.75 kV, 8000 A – 2 Nos
- 6.6 kV Switchgear System.
- 148 MVA Power Transformers – 2 Nos.
- 6300 KVA Unit Auxiliary Transformer – 2 Nos.
- EHV System Comprises of 400 KV.
- LT Switchgear, LT Segregated Phase Bus Duct, LT Service Transformer etc.

With their association we have successfully commissioned Unit # 5.The Approximate Contract value of M/s. Miraj Instrumentation Services (I) Pvt. Ltd will be Rs 3,50,00,000/-.

They have executed the above work with Safety, Quality & to our satisfaction.

We wish them success in all their future endeavours.
